April 4th Match Shoot

MATCH RULES

Grand Prize Drawing ~ Remington 870 12g Shotgun ~ Perfect for Home Defense

The shotgun will be won by drawing of 1st place Division and Class winners.

Match Rules will be those found in the IDPA Handbook

Use of cover must be used whenever it is available; when required by the stage the shooter must shoot while moving to the next point of cover; targets should be shot in tactical order.

To compete in a Division and Class, there must be at least 2 shooters of the same class, otherwise the shooter will compete in the unclassified group.

Shooters will compete by Division (CDP, SSP) and Classification (Novice, Marksman, Sharpshooter, and Expert). This provides an opportunity of 8 ~ 1st place winners. Those competing in Division SSR (revolver) will be eligible for prizes.

Unclassified shooters will be competing against all unclassified contenders. Those competing in this group will be competing for a 1st place, and other prizes.

Classified contenders may compete in more than one Division provided they pay an additional entry fee.

In addition, for he or she come in last place for all contenders, a “Best Effort” trophy will be awarded, and entered into the Remington drawing.

Scott Olsen, President and Match Director

Tim Lynn, Vice President
